Wintec Aluminium

Leading Window & Door Systems

Wintec Aluminium

Since our beginning in 1997, we have developed a range of window and door products that are innovative, functional and stylish.

Wintec Aluminium windows and doors are an all Australian designed and manufactured product, with modern designs and quality finish at the forefront of the Wintec philosophy.

An ongoing commitment to product development and service to our Australia wide fabricator base ensures that no matter where you are, you have access to the latest designs in the Window and Door industry.

"Australia's Leading Window and Door Systems"

Products and Services

Aluminium Windows & Doors

Wintec have products to suit all areas in Australia – consisting of, Sliding windows, Sliding doors, Awning and Casement windows, Double Hung windows, Louvres, Sliding Multi Track doors, French doors and Bi-folding doors .

Window & Door Testing Laboratory

The Wintec designed products are tested to Australian standard AS2047-1999 in NATA accredited laboratory No 14093. This ensures your windows and doors comply with the building code of Australia [BCA] and are suited to your particular location. In line with the BCA requirements Wintec windows and doors carry a 7 year guarantee.
